PROFILE SUMMARY

Cloud & DevOps Engineer with hands-on experience in infrastructure automation, Windows Server & virtualization management, and Azure infrastructure provisioning. Proficient in Terraform, Ansible, Kubernetes, and Azure DevOps.

EDUCATION

B.Sc. in Information Technology Management | Ravenshaw University | 80% | 2020 – 2023

SKILLS

Technical Skills: Cloud Computing (Azure), Infrastructure as Code (Terraform), Configuration Management (Ansible), Containerization (Docker, Kubernetes), Server Administration (Linux, Windows Server), Scripting (PowerShell), Networking, Monitoring (Prometheus, Grafana), Version Control (Git)

EXPERIENCE

Accenture — Kolkata

Windows Server Admin & Virtualization Engineer | June 2023 – Present

Key Responsibilities:

- Managed a hybrid infrastructure of Windows Server 2008–2022.
- Ensure operational continuity through patching, upgrades, virtualization management, and high availability setup.
- Performed server upgrades, provisioning, decommissioning, VMware vCenter cluster maintenance, Citrix and Hyper-V administration, and system/network troubleshooting.

PROJECTS

Cloud-Native Shopping Site Infrastructure on AKS

Tools: Terraform, Kubernetes, Azure AKS, Azure DevOps, Helm, Prometheus, Grafana

Highlights: Provisioned AKS infrastructure using Terraform modules, automated CI/CD pipelines in Azure DevOps for build and deployment of workloads, and integrated monitoring by deploying Prometheus & Grafana via Helm. Implemented secure authentication with Azure Key Vault and Service Principals, and maintained a modular, reusable infrastructure-as-code setup.

Mail-Alerting System for Azure VMs

Tools: Terraform, Azure, Ansible

Highlights: Automated provisioning of Azure VMs with Terraform and implemented Ansible-based monitoring to collect system metrics. Generated animated HTML reports using Jinja2 templates and delivered them via email using SMTP, enabling proactive infrastructure health tracking.

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Certified: Azure Administrator Associate (AZ-104)
- HashiCorp Certified: Terraform Associate — 2024
